

Fund profile

Alliance Growth Global Equity Investment Option

Investment objective*

To provide capital growth and limited income over the long-term by investing in listed international equity investments.

Investment strategy*

To invest in a diversified portfolio of global equities with characteristics such as market capitalisation in excess of US\$500m and attractive growth rates relative to their peers. The investment option will generally be exposed to relevant foreign currencies.

Investment manager

AllianceBernstein offers premier investment management and research services for both local and global growth and value equities, as well as fixed income assets. Through AllianceBernstein, Australian investors gain access to proven expertise. AllianceBernstein brings together more than three decades of expertise in portfolio management, through the US-based global investment operations of Alliance Growth Equities in growth investing, in fixed income investing through Alliance Bernstein Fixed Income, and in value investing through Bernstein Value Equities.

AllianceBernstein is one of the largest global fund managers in the world with approximately \$US618 billion in assets under management at 31 March 2006.
